GRASS SEED

Hubbards Seeds supply only the very highest quality grass seed mixes to customers all over the United Kingdom. We have grass mixes that match all your requirements, whether it's for beef and sheep, paddock mixtures for horses and ponies or reseeding and repair mixtures for parched or drought damaged leys. Our grass seed is tested to ensure the highest levels of purity and germination. The majority of our grass seed is grown on British farms to ensure its suitability for your local conditions.

We are part of the United Oilseeds national independent farmers co-operative so if you would like some help and advice, please contact your local Hubbards Seeds/United Oilseeds Area Manager or our friendly team on 01380 729200.

SHORT TERM LEY

Top Cut

For high yields of quality silage.

- At least two bulky cuts of silage a year for up to three years
- Potential for excellent autumn grazing
- Blend of diploids and tetraploids for yield and forage quality
- High tetraploid content to maximise sugars

				Heading date
4kg	Alamo	Italian RG Dip		21 May
3kg	Barmultra 11	Italian RG Dip		20 May
3kg	Aston Crusader	Hybrid RG Tet		19 May
3kg	Kirial	Hybrid RG Tet		23 May
13kg				

Top Cut & Red Clover

A high protein ley which can be cut several times a season.

- Produces high energy and high protein silage
- Red Clover will fix valuable nitrogen
- Potential for aftermath grazing
- Red clover blend delivers consistently high yields for the duration of the ley
